

# Darkness

## Stitched Up Heart

How many times  
Can you hit rock bottom?  
How many times  
Can a razor cut?  
How in the hell  
Does it get better?  
How many pills  
For the pain to stop?

And down I go  
I'm falling deeper in  
And I'm all alone  
It's pitch black here again

I'm not afraid of the dark, dark, darkness  
I'm not afraid of the dark, dark, darkness in me

I won't fill my lungs  
With bloody water  
I won't fall apart  
Again this time

And down I go  
And I'm broken to pieces again

I'm not afraid of the dark, dark, darkness  
I'm not afraid of the dark, dark, darkness in me

And down I go  
I'm falling deeper in  
I'm all alone  
It's pitch black here again

Dark, dark, darkness  
I'm not afraid of the dark, dark, darkness in me

I won't fill my lungs  
With bloody water  
I won't fall apart  
Again this time  
I won't fill my lungs  
With bloody water  
I won't fall apart  
Again this time
