

## Dead Inside

## Stitched Up Heart

Dead inside  
You know I'm dead inside

You know where  
Know where  
Know where to find me  
Six feet under  
Is where I'm buried  
In the dirt

It's freezing cold  
Inside this hole  
When the hammer hits  
So hard the nails hold

I feel the heavy  
Pressure pulling me down

I'm dead inside  
You know I'm dead inside  
Seems so far away  
Don't know the way

To feel alive  
I wanna feel alive  
I see this world  
And it's killing me

No way  
No one  
No one can save me  
Damaged broken  
Is what they'll say  
When I am gone

I'm all alone  
Feel like breaking  
And I don't know  
How long I'll take it  
We'll never know  
Till it's too late  
And we have come undone

I feel the heavy  
Pressure pulling me down

I'm dead inside  
You know I'm dead inside  
Seems so far away  
Don't know the way

To feel alive  
I wanna feel alive  
I see this world  
And it's killing me

It's killing me

Dead inside  
You know I'm dead inside  
I wanna feel alive  
I wanna feel alive  
I see this world  
It's killing me

I'm dead inside  
You know I'm dead inside  
Seems so far away  
Don't know the way

To feel alive  
I wanna feel alive  
I see this world  
And it's killing me

It's killing me

Feel alive

I see this world  
It's killing me
