

Finally Free

Stitched Up Heart

Can you feel me, around you
I am the blood inside your veins
You taste me, you touch me
I am the pain that takes you away

I am finally free
I've broken through the chains
I have no fear, I'm wide awake
You can't take this away
I'm finally free (wide awake)

Can you breathe me inside you
I am the air that fills your lungs'
You can't see me, but I see you
I am the pain that takes you away

I am finally free
I've broken through the chains
I have no fear, I'm wide awake
You can't take this away
I'm finally free

Can you feel me
Can you taste me
Can you breathe me
I am the pain that takes you away

I am finally free
I've broken through the chains
I have no fear, I'm wide awake
You can't take this away
I'm finally free

I'm finally free
I'm wide awake
You can't take this away
I'm finally free (wide awake)
