

# Monster

## Stitched Up Heart

Now don't you make me  
Make me go crazy  
I'll be your lover  
You'll want no other  
You wanna take me  
I know you want to  
You wanna break me  
Well are you ready to go

There's a monster deep inside of me  
I'll rip you to pieces, don't try to save me  
Nothing can tear me down

Don't you mistake me  
For such a sweet thing  
That's just a warning  
For damage I can bring  
Are you going to take me away?  
I'm a monster locked in a cage

There's a monster deep inside of me  
I'll rip you to pieces, don't try to save me  
Nothing can tear me down  
Bring out the monster  
It breathes inside of me  
There's nothing to run to  
Don't try to break me  
Nothing can hold me down

I've been locked up in a cage and I will escape  
There's a monster...  
There's a monster...

There's a monster deep inside of me  
I'll rip you to pieces, don't try to save me  
Nothing can tear me down  
Bring out the monster  
It breathes inside of me  
There's nothing to run to  
Don't try to break me  
Nothing can hold me down
