

# Warrior

Stitched Up Heart

Can't be your hero  
I'm down a black hole  
And when the echoes come closing in  
What have I become?

Better to fight for, fight for something  
Than to live for, live for nothing  
It's a cold world, we make the best of it  
What have we become?

I'm a warrior  
And I know what I'm fighting for  
I'm a warrior

'Cause I am, I am a warrior  
(Whoa-oh-oh, whoa-oh-oh)  
I am, I am a warrior  
(I'm a warrior)  
'Cause I am, I am a warrior  
(Whoa-oh-oh, whoa-oh-oh)  
I am, I am a warrior  
I'm a warrior  
(I'm a warrior, I'm a warrior)

Walk through fire, do we learn from it?  
Make it brighter, do we burn from it?  
We uncover what we're doing here  
What have we become?

Better to fight for, fight for something  
Than to live for, live for nothing  
It's a cold world, we make the best of it  
What have we become?

I'm a warrior  
And I know what I'm fighting for  
I'm a warrior

'Cause I am, I am a warrior  
(Whoa-oh-oh, whoa-oh-oh)  
I am, I am a warrior  
(I'm a warrior)  
'Cause I am, I am a warrior  
(Whoa-oh-oh, whoa-oh-oh)  
I am, I am a warrior  
I'm a warrior

If I stand up  
If I stand up  
Say I've had enough  
Will I get what I want?  
If I stand up  
If I stand up  
Say I've had enough  
Say I've had enough

'Cause I am, I am a warrior

(Whoa-oh-oh, whoa-oh-oh)  
I am, I am a warrior  
(I'm a warrior)  
'Cause I am, I am a warrior  
(Whoa-oh-oh, whoa-oh-oh)  
I am, I am a warrior  
I'm a warrior  
(I'm a warrior, I'm a warrior)
