

# I Cry

Stitches

Time after time, I sit and I cry  
Thinking about, what's going on in my life  
If you can relate, put your hands in the air  
If you're going through pain, put your hands in the air  
Don't let your pride hide the fact that inside you're scared  
If you're living that life, just make sure that you're prepared  
If you're listening to this song, then that means that you're blessed  
You want love today with the heart beating in your chest  
Problem after problem, how do we solve 'em  
Suicidal thoughts we're talking to our resolvers

What am I worth? Why does it hurt?  
Can't even get out of my bed, thank god I don't work  
I'm focused, also distracted  
Paranoid that the cops gon' come inside of my house and find what's inside o  
f my mattress  
I'm like damn  
I feel like the man, but really I don't, don't know who I am, who am I, and  
why do I cry  
Why do I act so brave, when I know I'm dying inside  
I wanna make my momma proud  
I wanna make my brothers smile  
I wanna make my kids remember me, every moment I'm not around  
Don't lose it, Stitches, hold your composure  
I know it feels like the end, but it's not done till it's over  
As I get older, I get wiser, I find it easier to spot a liar  
They selling dreams like a dealer selling to a friends  
I got issues, you got issues, let's cry together  
Matter fact, here's a tissue

Time after time, I sit and I cry  
Thinking about, what's going on in my life  
If you can relate, put your hands in the air  
If you're going through pain, put your hands in the air  
Don't let your pride hide the fact that inside you're scared  
If you're living that life, just make sure that you're prepared  
If you're listening to this song, then that means that you're blessed  
You want love today with the heart beating in your chest  
Problem after problem, how do we solve 'em  
Suicidal thoughts we're talking to our resolvers

I know it hurts, when you can't even pay your bills  
Your kids are hungry, and you can't even provide a meal  
Shoutout to every artist out there waiting on a deal, I hope you get it  
I wanna turn my TV on and see you win  
And too much jealousy inside in the air  
To come across a genuine friend these days, it is rare  
And everything that I take, every breath I inhale  
I'm repaint for my sins  
Right now I feel like it's hell  
That I'm living inside  
I look up the sky  
I face reality today could be the day that  
I die, and on the real  
I love all of my people  
It's time to stop this racist shit  
And see each as equals

Time after time, I sit and I cry  
Thinking about, what's going on in my life  
If you can relate, put your hands in the air  
If you're going through pain, put your hands in the air  
Don't let your pride hide the fact that inside you're scared  
If you're living that life, just make sure that you're prepared  
If you're listening to this song, then that means that you're blessed  
You want love today with the heart beating in your chest
