

# She's The Devil

## Stitches

I've won a lot  
I've lost a lot  
I've made bad decisions  
But, sometimes bad decisions turned into good outcomes  
And I just wanna show y'all  
Who the fuck I am  
Stitches  
Bitch

Most of the time I'm thinking about suicide  
Emotions run in my body, something I can not hide  
I need some pills doctor, Don't talk, just prescribe  
I never wanna be sober, I want to stay high

Don't come around me, it's dangerous  
I don't want yo love, I don't want yo kids  
Lately, I'm felling like I'm possessed  
Got the devil next to me, but she wearing a dress  
This shit right here, not making sense  
This bitch is always on my conscience  
And the only way to get this bitch off my mind  
Is to get my gun and shoot my head one fucking time

If I give you a chance  
Are you gon do me right  
Would you walk through the fire  
Just, so we could see light  
Girl, tell me what is love?  
If there's no sacrifice  
Just hold my hand  
And I promise we'll make through the night

They consider me a criminal  
But, I got a heart  
And it's made of gold  
Will I break your heart  
Baby I don't know  
Will I fuck a groupie  
While I'm on the road?  
She told me:  
Stitches I don't really care  
Tell you the truth  
I don't think that's fair  
If I break your heart  
You gotta break mine  
I apologize if I get out of line

Girl don't do me wrong  
Cuz I might lose my mind  
She says that I'm bipolar  
I always change my mind

One day I say I love her  
One day I say I hate her  
I still haven't found a way to appreciate her !

If I give you a chance

Are you gon do me right  
Would you walk through the fire  
Just, so we could see light  
Girl, tell me what is love?  
If there's no sacrifice  
Just hold my hand  
And I'll promise we'll make it through the night
