Stitches

They don't know what I've been through
They don't know what I had to do
They get it here, I came up from the bottom
They get it here, I made real bad decisions

Lotta people is haters, they wanna see you fall
They prayin' everyday for your downfall

They don't know what I had to do
They get it here, I came up from the bottom
They get it here, I made real bad decisions
They don't know what I've been through
They don't know what I had to do
They get it here, I came up from the bottom
