Everybody wanna be a trap star
Everybody wanna buy a foreign car (SKRR!)
Everybody wanna buy them diamond jewels
I did it on my own and I ain't go to school (No college)

And if you wanna be a drug dealer, I'm taxin' you (Fool!)

To be a drug dealer it takes determination (Real talk)
This shit don't happen overnight, it takes some patience
But crime pay, I promise

Callin' Kash a trap king, rollin' with some bad bitches
Nina on my waist, that middle finger to the police
Nigga, pour some more lean, women, roll some more weed
If them niggas talkin', catch a bullet, end your story, hey
Nigga, bow down to the trap god
Bitches like my diamonds, watch out for them sirens
Kash been the king, I been the ruler, catch a shooter
(Know some chicos around my way, they comin' straight from Cuba)
They dyin' for respect, all they know is violence
Wake up in the mornin', load the Glock before they on it
Don't compare me to these rappers, I ain't in they genre
Get yo pie in thirty minutes, boy, Jimmy [?]
These niggas ain't fly, straight right here we call them [?]
I'm in my Maserati, put some [?]
I ain't sold yet, nigga, that's a white line
I been in the streets, with them killers, and it's do or die

Trap star, trap star

Trap star, trap star
