

Be With U

Stokley

I'm just a man trying to love a woman
Seemed you're not trying to heed the cold, no
I could play with the works, try to be clever
But I wanna be clear and resound and

I'm standing here in front of you
But I hope that you're seeing me
I see that you're hearing me
But I hope that you're missing me

Girl, I just wanna be with you
Why can't you just let me through?
Baby, girl, I just wanna be with you
Why can't you just let me through to your world?

You want muscles, money, a sexy kind of stranger?
Yeah, clean shave, grandiose, kinda like a Hollywood dream
No, no, why you stressed? Just keep it simple
Baby, open your eyes and see
That's right, the dream is real, baby

I'm standing here in front of you
But I hope that you're seeing me
I see that you're hearing me
But I hope that you're listening

Babe, I just wanna be with you
Why can't you just let me through?
Baby, girl, I just wanna be with you
Why can't you just let me through to your world?

What I gotta do? Do a little dance with the drum, put you in a trance
Don't let this yearning float in vain
So what can I do?
To get, to, to you
So, what can I do?
To get, to, to you
Simply wanna be with u

Why don't you just let me through?
Baby, baby, girl, I just wanna be with you
Why don't you let me through?
Yeah, I just wanna be with u

I just wanna, I just wanna
I just wanna, wanna, wanna, wanna simply be with u
Why won't you let me through to your world?
Hold up, that's enough singing, let me walk on over here girl

Wait a minute
Hear me lady, hear me
Hear me lady, hear me
This feel familiar at all? Haha
See if I get a rise up outta ya'll
Except for you flash a little bit
Come on walk with me girl

Whistle with me girl
Let's whistle while we walk this out
Won't you whistle with me? Yeah!
