Kingdoms rise and
Kingdoms fall
Python icons
World on fire

Venom be true to your wonder
Wasteland due to your corruption
Denounce your claim to my culture
I shall ascend to my glory

You want a lil' smoke I got a lil' heat saying

No chains
On me
U love to hate this sauce I bleed
But you love my recipe
U place blame
At my feet
U love to hate this sauce I bleed
But you love my recipe

Crimson in your
Scriptures laws
Cipher dash of
Tranquilizer

Salt attitude got your pressure sky high
Like brown sugar pipe down
But you drown your peers shedding tears over spilled milk
Who's drowning now?

Venom be true to your wonder
Wasteland due to your corruption
Denounce your claim to my culture
I shall ascend to my glory

You want a lil' smoke I got a lil' heat saying

No chains
On me
U love to hate this sauce I bleed
But you love my recipe
U place blame
At my feet
U love to hate this sauce I bleed
But you love my recipe
