

Slip

Stokley

These days, show me a woman
Damn near marry her on the spot
These days, give me a woman
Not a girl who think she got it
These games
The nerve up in your veins
Seems u got this habit
And for me problematic

When I say I'm coming thru
U found a way to push me back
Ass overdue
U can miss me with all of that
Don't need no more cues
Film is over fade to black
It's just too bad, you never knew what u had

Baby your slip is showing
I can see, u can't deny
I feel a drift coming
This time I believe, my lying eyes
Baby your slip is showing
I got no shortage of options no
Dirty drawers is what I saw
Now I'm slipping out the door

Those days, I had a girl
Had me running round in my head
Those days, I had a girl
Just like the sign slipperly when wet
So good but shady
She had them trifling ways
Real men don't want no girl
Only women baby

When I say I'm coming thru
U found a way to push me back
Ass overdue
U can miss me with all of that
Don't need no more cues
Film is over fade to black
It's just too bad
You never knew what u had

Baby your slip is showing
I can see, u can't deny
I feel a drift coming
This time I believe, my lying eyes
Baby your slip is showing
I got no shortage of options no
Dirty drawers is what I saw
Now I'm slipping out the door

See you're just a girl (Out the door)
And I need a woman (Out the door)
Girl you're just a girl (Out the door)
But I need a woman (Can't say more)

Girl you're just a girl (U annoy me)
I need a real woman (Stanky stanky)

Baby your slip is showing
I can see, u can't deny
I feel a drift coming
This time I believe, my lying eyes
Baby your slip is showing
I got no shortage of options no
Dirty drawers is what I saw
Now I'm slipping out the door

I'm slipping out
I can see, u can't deny
I feel a drift coming
This time I believe, my lying eyes
Baby your slip is showing
I got no shortage of options no
Dirty drawers is what I saw
Now I'm slipping out the door

Slip (Out the door)
Slip (Out the door)
Slip (Out the door)
Slip (Can't say more)
Slip (U annoy me)
Slip (Stanky stanky)
Slip (Out the door)
Slip (Out the door)
