

Think About U

Stokley

Think about you, think about you

Your broken laugh, you always ask
If I ever figure out you
Through time and space, you find a way
To take the distance personal
We're crazy glued, we're welded shut
A million miles couldn't separate us
You are the spark to my love
You move my every thought

No matter my love, don't matter, my love
Nothing comes before you
No matter my love, don't matter, my love
'Cause I'm auto-thinking of you

I don't have to choose to think about you
I just do
Don't you know that you are me and I'm you?
Yes it's true
I don't have to choose to think about you
I just do
Don't you know that you are me and I'm you?
Yes it's true

Unlock my phone, your picture's there
To soothe all of my I-miss-you's
Memories, I hold them there
When I can't be there with you
Girl, the cologne I wear is only my favorite
'Cause you like the smell
So baby just stop it, oh
There's not a second, minute, hour or day that you're forgotten

No matter my love, don't matter, my love
Nothing comes before you
No matter my love, don't matter, my love
'Cause I'm auto-thinking of you

I don't have to choose to think about you
I just do
Don't you know that you are me and I'm you?
Yes it's true
I don't have to choose to think about you
I just do
Don't you know that you are me and I'm you?
Baby, baby girl you know that it's true

Thinkin' about you, girl
Thinkin', yeah
I don't need a reason
Listen here, now
You always spin around in my head
Always somethin' sexy you did or said

I don't have to choose to think about you
I just do

Don't you know that you are me and I'm you?
Yes it's true
I don't have to choose to think about you
I just do
Don't you know that you are me and I'm you?

Never far away, lady
You see I'm always thinkin', girl I'm always thinkin', girl I'm always think
in' about you
Girl I'm always reflectin', girl always made a pic
Girl I'm always thinkin' about you
It goes on and on and on
It goes on and on and on
See I'm always thinkin', girl I'm always thinkin'
Girl I'm always thinkin' about you
Yeah, you don't have to worry about it
You don't have to worry about it
Celebrate you every day
In my mind is all of the praise is you and me
Yeah
