

Voodoo

Stokley

How do I know you?
You feel familiar
Should I be cautious
Skin crawling for your
Fragrance aromas
Sending me under
Love bloom like lotus ooo
Eve in Eden's Garden
Taboo in motion
Forbidden but chosen
You're all that matters

Visions of you
Feed my appetite
Voulez vous
Coucher Avec moi
Supernatural
Control of my mind
I can't get enough
Ohhh
You give me a feelin' I can't ignore
Ohhh
Doin' things I don't do just for you

It's your voodoo making me
Act like that
Black magic on me
Need that bad
Don't walk away from me
Bring that back
Voodoo all on me
All on me

Ohhh
I'm under your spell babe
Go head compel me
I'm under your spell
Ohhh
I'm under your spell babe
Go head compel me
I'm under your spell

Keep it going baby don't press pause
You know you're a tease throw me a bone yeah
You know I come when you call

Visions of you
Feed my appetite
Voulez vous
Coucher Avec moi
Supernatural
Control of my mind
I can't get enough
Ohhh
You give me a feelin' I can't ignore
Ohhh
Doin' things I don't do just for you

It's your voodoo making me
Act like that
Black magic on me
Need that bad
Don't walk way from me
Bring that back
Voodoo all on me
All on me

It's your voodoo making me
Act like that
Black magic on me
Need that bad
Don't walk way from me
Bring that back
Voodoo all on me
All on me

Ohhh
