

Be There

Stone Broken

(Hey!)

(Hey!)

Growing up was a simple time
Not a single thing was on my mind
Staying out until the sun went down
Creeping back not making a sound

We did, what we wanted, no one could hold me down
Still young and we never had much to think about

It's gone too fast, don't stop 'cause it ain't gonna wait for y
ou

Hey, I'm gonna be there

It's gone too fast, this time is gonna take a hold on you

Hey, I'm gonna be there

Ohhh (hey!)

(Hey!)

I remember how it used to be
Wake up late, it didn't matter to me
All the things that we used to do
Every day there was something new

We did, what we wanted, no one could hold me down
Back then we always had things to dream about

It's gone too fast, don't stop 'cause it ain't gonna wait for y
ou

Hey, I'm gonna be there

It's gone too fast, this time is gonna take a hold on you

Hey, I'm gonna be there

Deep inside, your mind
Makes you feel, alive

It's gone too fast, don't stop 'cause it ain't gonna wait for y
ou

Hey, I'm gonna be there

It's gone too fast, this time is gonna take a hold on you

Hey, I'm gonna be there

Ohh!
