Stone Broken

When the nights are getting long
I wanna hear you say
You're not that far away
I wonder how you're getting on
I see you every day
But not when I'm away
When I miss you
I know it's true
Every time I try, oh

It ain't always easy
I'm gonna take this on my own
Every time you wanna go
It's hard when you're alone
I'm only dreaming
Going right where you wanna go
You've gotta feel it and then you'll know
It's hard away from home

When you call me on the phone
You play our favorite song
Reminding me of home
When it's hard to carry on
I wish that I was wrong
But the days go on and on
When I hear you
I can't see through
Every single time, oh

It ain't always easy
I'm gonna take this on my own
Every time you wanna go
It's hard when you're alone
I'm only dreaming
Going right where you wanna go
You've gotta feel it and then you'll know
It's hard away from home, oh yeah

It ain't always easy
I'm gonna take this on my own
Every time you wanna go
It's hard when you're alone
I'm only dreaming
Going right where you wanna go
You've gotta feel it and then you'll know
It's hard away from home
