

Stronger

Stone Broken

Try to talk it through, but maybe it's too late
Inside I know it's true, I'm afraid of my mistakes
Anyway, in the end, I can tell my story
And the world will be turning for me
I'm ready to go

Now I'm stronger than I knew
I mean it, I'm pulling through
I'm stronger and I'll remain sane
'Cause I'm stronger than I knew
I feel it, I'm bulletproof
I'm stronger and I'll remain sane
And that's what makes me

Tired of looking back
But all that I can do
Is feel the hurt and cracks
But some things you can't undo
Anyway, in the end, I can tell my story
Fall again, but it won't slow me down
I'm ready to go

Now I'm stronger than I knew
I mean it, I'm pulling through
I'm stronger and I'll remain sane
'Cause I'm stronger than I knew
I feel it, I'm bulletproof
I'm stronger and I'll remain sane
And that's what makes me

And that's what makes me
And that's what makes me
Ooh

And that's what makes me

'Cause we tried a million times
And we're living separate lives
So long (So long)
Move on (Move on)
The truth is hard to find
When it's hidden in your mind
So long
I'm gone

Now I'm stronger than I knew
I mean it, I'm pulling through
I'm stronger and I'll remain sane
And that's what makes me
'Cause I'm stronger than I knew

'Cause I'm stronger than I knew
Ooh

And that's what makes me
