

# Babe

Stone Fury

Day into night  
We're here to walk the line  
It's all we need to take  
Us to the place we wanna go

Part of my life  
Your not here all alone  
As hard as it may seem sometimes  
It's worth it's weight in gold

I don't wanna see you cry  
But if you do, I'm by your side  
I wanna lift you slowly high

Babe, babe ....ooh

Babe, you're my only way  
You're all I need to take me to the place I wanna go  
You cry, I know it's give and take  
I can ease you down, when somethings wrong  
Hold you till it's gone

Don't cry...
