

All I Know

Stone Sour

I wanted a ?
I wanted a tact
I wanted a way out
You knew me better than that
I wanted a ?
I wanted content
I'm really fucked here
Don't know when I'll fucking come back

Hello - it's here to stay
Turn the other way
Someone to see it all
Even if I wanted to

Anything
I am the anguished man

I wanted to see you
I wanted a brain
I'm out of goodness
And now I have nothing to say
I am the ?
I had a chance
I'm sorry it's someone
?

Shallow - it's all a game
You are the only way
Finally - I watch you die
I don't want to ?

Anything
I am the anguished man
A damaged man
I am the anguished man

I wanna be nobody
I wanna be nobody
I wanna be nobody
I wanna be nobody

Anything
I am the anguished man
A damaged man
I am the anguished man

And I stood, engaged
With glazed eyes
Night eyes
My eyes
And the whole wide world around me
They all kept their promises, alright
But what they never realised
Was everything I was promised
Was shit I never asked for
No more pockets being fed
No more exotic exaltations

No more social priapisms
Just the complete and unphacitable realisation
That the whole wide world around me
Is out of my hands
Am I angry?
Of course I'm angry
For no matter how I scream
No matter how much frenzied saliva flies from my mouth
It's still not enough
And it will never be enough
Til with the end of me
