

Ending / Beginning

Stone Sour

You've got to feel (Feel)
The ultimate real (Real)
Don't make it go away (Away)
Is everyone afraid? (Afraid)
It savages, manages, decimates, ungulates, finds its way
Don't turn around, 'cause you're dead
When you look away

I can hear you
Say something in the dark to bring to
I can hear you
Don't you learn, 'cause you'll never, never, never, never

"Oh, he's a monster
Pure psychopath
So rare to capture one alive."

Wrong way (Way)
You're running into nothing (Nothing)
The problem is annoying (Annoying)
You're paranoid and lying (Lying)
It manifests, discontent, deviate, management, your delay
Don't be around me, 'cause you're dead if you lie this way

I can hear you
Say something in the dark to bring to
I can hear you
Don't you learn, 'cause you'll never, never, never, never

This is the ending
You're the beginning
Yeah!

"The man is clear in his mind
But his soul is mad"

Why did it all become? (Become)
Look at what you've done (Done)
Something isn't right (Right)
You're supposed to die (Die)
We emulate, salivate, try to take, human waste, nothing cased
Don't understand why you're finding me, killing me

I can hear you
Say something in the dark to bring to
I can hear you
Don't you learn, 'cause you'll never, never, never, never

This is the ending
You're the beginning
Yeah!
