Stone Sour

All I have to do is look at you
And I'm scared to tell
Scared of the way that you kill me with only your eyes
You're the only one I've ever known to do what you do
Strip me of why I was numb and bring me through life

I feel like losing all control
You are the half that makes me whole

I'll fill this house with things I never said
I'll be right here when you come back from the dead
I'll never run away again

I don't know what's holding me back
I need to react
I just need you
If you come closer I'm going to rip you apart
Everything I feel is real
You were meant for me
Dig up the past, scream as you bury my heart

The only thing that really matters
Is what you wanted more
I'm losing all control
You are the half that makes me whole

I'll fill this house with things I never said
I'll be right here when you come back from the dead
I'll show you just how much you mean to me
I'll break you down then let you break me
I'll never run away again

You drive me fucking insane
I just wanna be everything inside you, the same
I just want to taste you and fuck you and be you and love you
Eat you alive
I feel like...

Losing all control
You are the half that makes me whole

I'll fill this house with things I never said
I'll be right here when you come back from the dead
I'll show you just how much you mean to me
I'll break you down then let you break me
I'll never run away again
