

# Cry Cry

## Stone Temple Pilots

Forgive the promise that is never kept  
The wasted life that you have left  
So sell your soul and put it on display  
Echoing the debts that can't be paid

Breathe in let go  
The undertow

Will pull you in and throw you out of time  
the shadow's playing tricks on your broken mind

Tears will not cure the pain

Cry cry, can't say no  
Nothing cures a craving  
Yeah yeah  
Cry cry it's all a show  
Just a game you're playing  
Yeah yeah yeah

Yesterday is lost again  
Collect the hours suffering in vein  
So hold on tight watch the embers glow  
The ashes fly away out of your control

Breath in let go  
The undertow

Will pull you in and throw you out of time  
the shadow's playing tricks on your broken mind

Tears will not cure the pain

Cry cry, can't say no  
Nothing cures a craving  
Yeah yeah  
Cry cry it's all a show  
Just a game you're playing  
Yeah yeah yeah

Cry cry, can't say no  
Nothing cures a craving  
Yeah yeah  
Cry cry it's all a show  
Just a game you're playing  
Yeah yeah

Cry cry, can't say no  
Nothing cures a craving  
Yeah yeah  
Cry cry it's all a show  
Just a game you're playing  
Yeah yeah
