

Lost Without You

StoneBank

Without you, you, you
Without you, you, you
Without you, you, you
We can make it through anything, anything, anything...
See, I'm so lost without you

See, I'm so lost without you
(So lost without you, so lost without you...)

See, I'm so lost without you
We can make it through anything, anything, anything...
See, I'm so lost without you, you, you...
We-We can make it through anything
(Through anything, through anything...)
We, We, We...
We can make it through anything
(Anything, anything, anything...)
See, I'm so lost without you

See, I'm so lost without you
(So lost without you, so lost without you...)
See, I'm so lost without you
(So lost without you)
See, I'm so
See, I'm so lost without you
(You, you, you, -out you...)
We can make it
(You, you, you, -out you...)

See, I'm so lost without you
(So lost without you, so lost without you...)
See, I'm so lost without you...
(So lost without you, so lost without you...)
(Out, out, out, out...)
See, I'm so lost without you
