

Sky Is Falling

StoneBank

Fallen trees, it's hard to breathe
But I will keep fighting
Broken walls, nowhere to fall
But I will keep climbing

I can't see, I'm in the dark
Surrounded by sharks
Becloud over me
I can't see, I'm in the dark
Surrounded by sharks
Becloud over me

Just take me home, just take me home
Now the sky is falling
Don't let it fall, don't let me go
Now the sky is falling
Down, down, down, down, down on me
Down, down, down, down, down on me

The sky is falling (falling, falling)

I can't see, I'm in the dark
Surrounded by sharks
Becloud over me
I can't see, I'm in the dark
Surrounded by sharks
Becloud over me

Now the sky is falling
Down, down, down, down, down on me
Down, down, down, down, down on me

(Now that the sky is falling)
