

# Stardust

StoneBank

I got a hole in my soul  
It's as dark as the night  
Feel like nothing ever goes my way, ay  
I don't know where to go  
Got me hangin' on tight  
Feel like I could use a light these days, ay

So light me up, with your touch  
Let me lean on you  
Like how you look  
You want trust, let me be with you 'cause  
I lost my way floatin' through outer space, I got  
Nowhere to be, I got no where to be

You-oh-oh-oh got that spark in your eyes  
Gets me higher than high  
Shine it on me like stardust, baby  
You-oh-oh-oh, like the dark of the night  
Making me feel alive  
Shine it on me like stardust, baby

You-oh-oh-oh, oh-oh-oh  
You-oh-oh-oh, oh-oh  
Shine it on me like stardust, baby  
You-oh-oh-oh, oh-oh-oh  
You-oh-oh-oh, oh-oh  
Shine it on me like stardust, baby

You-oh-oh-oh got that spark in your eyes  
Gets me higher than high  
Shine it on me like stardust, baby  
You-oh-oh-oh, like the dark of the night  
Making me feel alive  
Shine it on me like stardust, baby

I'm not alone anymore  
I got somewhere to be  
Might've had something to do with you, oh  
(Might've had something to do with you)  
Throw control overboard, like I'm finally free  
I am done with all that I've been through, oh

So light me up, with your touch  
Let me lean on you  
Like how you look  
You want trust, let me be with you 'cause (Oh)  
I lost my way floatin' through outer space, I got  
Nowhere to be, I got no where to be

You-oh-oh-oh got that spark in your eyes  
Gets me higher than high  
Shine it on me like stardust, baby  
You-oh-oh-oh, like the dark of the night  
Making me feel alive  
Shine it on me like stardust, baby

You-oh-oh-oh, oh-oh-oh

You-oh-oh-oh, oh-oh  
Shine it on me like stardust, baby  
You-oh-oh-oh, oh-oh-oh  
You-oh-oh-oh, oh-oh  
Shine it on me like stardust, baby

You-oh-oh-oh got that spark in your eyes  
Gets me higher than high  
Shine it on me like stardust, baby  
You-oh-oh-oh, like the dark of the night  
Making me feel alive  
Shine it on me like stardust, baby
