

Time

StoneBank

You've got all the time in the world

The very first time I saw your face
A part of me yeah forever changed
But I was one of many more
I never had a chance

You had the few offer you the world
Some promised you yeah their eyes won't turn
Still I am here like the many more
I'm just being myself

I could never make you rush
I'll be here still hanging on
I may never be the one
But I've got all the time in the world

I don't want to make you rush
'Cause I'll be here still hanging on
I just wanna be the one
You've got all the time in the world

You've got all the time in the world

The very first time I saw your face
A part of me yeah forever changed
But I was one of many more
I never had a chance

You had the few offer you the world
Some promised you yeah their eyes won't turn
Still I am here like the many more
I'm just being myself

You've got all the time in the world
You've got all the time in the world
