Done with the badmind mi done with the crime
Every man to a woman non wu go in the line
Party a gwan and the gyal'em a wind
You no see happy time eveybody afi join
Drinking mi drunk every girl afi be kind

So mi na go home cu the party nice
Down around Jamaca
If afi retrogation call we later
Cu we a pree progress and the paper
A blank fi the lovers and burn the faker
Ya taugh people ever last
Tough times shall come to pass
So we live like it our last
And brake some glass

Face off today and don't worry about the past
Now see your life is in your lands
