She says that ammm Nobody knows tomorrow
She also says they can't get you down if u don't let them

Mama tell me, mama did ah tell me

Well mama said don't let them trick you don't let them fool you

Because the smile in their face is actually filled with frown
Them say them wish you well but them no wish you go further than them
Even the food and the plate you fi beg it from them
Them full up ah hate and I cyan relate
So dem ah try impress me no take it from them

Mama tell me, mama did ah tell me

I sit back and remember when nothing did ah Gwan fi me
Nobody to call another family
Them no wan me not even inna them company
Now demma beg and send fi me

Table turning

More money ghetto youth I am earning
Keep on hustling, that gets you going

Mama tell me ah long time
