

# PRAY FOR ME

Stonebwoy

Pray for me, my brother  
When you see say I dey enter  
Yawa o Yawa o  
Pray for me, my sister  
When you see say I dey enter  
Yawa o Yawa o

Cause life can get too hard  
But still worth living, still worth living  
Cause life can get so tough  
But still worth living, still worth living

This life that we live is mysterious  
The things we deserve are not meant for us  
The bigger system nah pamper us  
That's why some people are so treacherous  
So anywhere we step we are dangerous  
Man stepping as a soldier conquer  
God Buss inna di door with him entourage  
Revolutionary minded Sankara

Cause life can get too hard  
But still worth living, still worth living  
Cz life can get so tough  
But still worth living, still worth living

Pray for me, my brother  
When you see say I dey enter  
Yawa o Yawa o  
Pray for me, my sister  
When you see say I dey enter  
Yawa o Yawa o

Yeah  
You see it's all by design  
Refugees man I'm caught up in the gunline  
I'm with the trap, we come to free up the system  
Cause the prisons are the new plantations  
Daughters are raised with no fathers  
Single mothers got to be the provider  
Mac 11 every time that he walks up  
Bring a new meaning to the worlds on my shoulders  
I'm from the concrete jungle the land of no man  
Hollywood get it straight  
Tarzan was a black man  
Struggle on the boat, DA want the loke  
I'm a vault, not even DaVinci can break the code  
I'm a stone boy, the highest grade of Mary wana  
I have been through the dungeon, slaves out in Ghana  
Thank you, momma, for giving me the passages  
In LA  
They could've got me like Christopher Wallace

Pray for me, my brother  
When you see say I dey enter  
Yawa o Yawa o  
Pray for me, my sister

When you see say I dey enter  
Yawa o Yawa o

Cause life can get too hard  
But still worth living, still worth living  
Cz life can get so tough  
But still worth living, still worth living
