

High Time

Stoney LaRue

It's high time for having a ball
Places to go, people to call
Feeling good out with my friends
It's high time I felt that way again
Let it go, hurting's behind
Life is short, things can change on a dime
Can't complain, haven't a care
Dance to the music, put your hands in the air

Man, I wish this would last forever
It's high time that we came together
Come together

It's been a while since we painted the town
It feels so good with my friends all around
I almost didn't, but I'm glad that I did
I haven't felt this way since I was a kid
It's high time and I'm feeling no pain
The sun is shining, no chance for rain
Yeah, so much love is something to see
There ain't no place that I'd rather be

It's high time we made a declaration
It's a party all across the nation
Celebration

Man, I wish this would last forever
It's high time that we came together
Come together

It's high time and I'm feeling no pain
The sun is shining, no chance for rain
Feeling good out with my friends
It's high time we felt that way again

It's a celebration
All across the nation
Celebration
