

# Odin's Fire

Stormwarrior

All hail to the gods  
All hail to the Aesir and Vanir  
All hail to Frey, Tyr and Heimdall  
To Vali and Sif  
To Lin, Mimir and Njörd  
Loki and Frigg, Balder and Freya

Hail might Thor  
Slayer of the frost and fire  
Odin all-father  
Ancient one

To the spear of the wise  
Hail to the hammer of thunder  
To the earth and sea  
Blood and iron

I see warriors fight  
Warriors die  
Warriors enter Valhall

Odin's fire  
Hammer and sword  
Odin's fire  
The storm of the north  
Odin's fire  
The return of our gods  
All hail the nothern son  
Odin's fire

Now swear the oath on your ring  
Shine in battle to bring  
Men like us fear not death  
We're always set on revenge  
Blow the horns  
We shall atack  
Beat the drums there is no turning black  
Take this sword  
Impress the gods  
And drink the mead from the skull

I see warriors fight  
Warriors die  
Warriors enter Valhall

Odin's fire  
Hammer and sword  
Odin's fire  
The storm of the north  
Odin's fire  
The return of our gods  
All hail the nothern son  
Odin's fire  
There is pride in my heart  
Odin's fire  
Feel the wrath of the gods  
Odin's fire

The nothern way ancient laws  
Hail the nothern son  
Odin's fire

(SOLO)

I see warriors fight  
Warriors die  
Warriors leaving Valhall  
Now it's twilight of the gods  
The rise of the north  
And eight hundred man will march of each door

Odin's fire  
Live by hammer and sword  
Odin's fire  
It's the storm of the north  
Odin's fire  
The return of our gods  
All hail the nothern son  
Odin's fire  
There is pride in my heart  
Odin's fire  
Feel the wrath of the gods  
Odin's fire  
The nothern way ancient laws  
Hail the nothern son  
Odin's fire
