

# The Sinister Child

Stormwitch

In those days of the Roman emperors  
Issued a decree that a census should be taken of the world  
Joseph was one of the labourers  
With Mary he went to Bethlehem, the town of David  
You have something heard

While they were there, a child was born  
The mother wrapped him in some clothes  
And placed him in a manger by the inn

While they were there, a child was born  
The shepherds watched their flocks at night  
The Lord appeared and they were terrified  
While they were there, a child was born  
Don't be afraid, he's in the world, he's born to you  
The sinister child

The shepherds straight went to Bethlehem  
To find the place to glorify and serve the child  
And many were with them  
Three kings had heard of the mystery  
They were overjoyed to find him there  
They worshiped him and praised their destiny

And a star was shining bright  
The tidings spread out through the land  
That through his birth a new time will arise

And a star was shining bright  
But he birth it was not underfiled  
And the demons danced untamed so free and wild  
An a star was shining bright  
Don't be afraid, he's in the word, he's born to you  
The sinister child
