

# Firebabe

Stormzy

Stealin' all the hearts, yeah  
Stealin' all the hearts, yeah  
Stealin' all the hearts, yeah  
Stealin' all the hearts, yeah

She was standin' in her dress  
And she was lookin' like an angel  
Her eyes took away my breath  
And that's when I knew she was mine until the end

My miracle  
My happy place  
My heart and soul  
Forever yours

'Cause I, I just can't explain  
Even in the way, you love me with your flame (Flame)  
My firebabe (Woah-woah-woah-woah-woah)  
You keep burnin' bright  
Touch me with your name, and I'll be with your flame  
My firebabe

She makes (Hmm), everybody laugh (Everybody laugh)  
Then she starts dancin' on the table (Ooh-ooh-ooh)  
She can't stop stealin' all their hearts (Ooh-ooh-ooh)  
How she lights up a room, somethin' to behold (Ooh-ooh-ooh)

My miracle  
My happy place  
My heart and soul  
Forever yours

'Cause I, I just can't explain (I just can't explain)  
Even in the way (Even in the way)  
You love me with your flame (Love me with your flame)  
My firebabe (Woah-woah-woah-woah-woah)  
You keep burnin' bright  
Touch me with your name (Touch me with your name)  
And I'll be with your flame (Your flame, your flame)  
My firebabe

Oh-oh-oh-oh-oh (Oh-oh-oh-oh)  
Oh-oh-oh-oh-oh (Oh, hmm)
