Stormzy

I knew a woman more wonderful than a Disney one  
I lost my heart, I just wondered if you could give me one?  
I hit you back, you know lately I've had some busy ones  
I been getting this money just on my Lizzy ones  
And now we're acting like children, it's so pathetic  
I was trying to reach out for ages, I need my credit  
There's a couple lines in our script I think we should edit  
Why you gotta bitch all the time? Just read my message

Shit, fucking hell, I'm such a handful  
On one hand I'm pissed, but on the other hand I'm thankful  
Times when it was bliss and there were times it was a shambles  
Times when it was lit and other times we lit the candles  
I'm probably reminiscing when you could be hella dissing  
Never been the type to be so reckless with decisions  
Swear you tried to tell me but it's like I never listen  
And I was meant to share your vision  
I was meant to be your rider, put a bit of Henny on my rider  
You can stay at home, I'll send a driver  
I'll be your provider, No, I'm not around but it's a minor  
Cah I don't like the spotlight and you don't like it neither  
But that was then and this is now  
I was pacing 'round my kitchen like this shit is foul  
I don't the dirt and then I figured that you'll dig it out  
But that's a coward move, I guess you got me figured out  
I know you'll never listen now

You taught me love, oh, what a gift  
I know that it's hard, too hard to forgive  
And to be honest if I were you  
I'd be the same way  
To be honest if I were you  
Then I'd be unforgiving too

Fast forward now, my nephew's still asking for his Auntie Maya  
Guess this is the karma for what I done to Maya  
I just stood and let it burn, I couldn't down the fire  
Lord, I pray you make it easy, that's my one desire  
God loves a trier, I can't even fathom what I probably had you going through  
You cannot imagine how I'm sorry, man, I'm showing you  
Now I haven't even got the luxury of knowing you  
We was even meant to share a seed and let it grow in you  
I can't even look you in the eye, that's 'cause of shame  
Now you're tryna block me out your mind, that's 'cause of pain  
Greatest love I ever knew, I poured it down the drain  
Maybe it's the only way we both call it a day  
You gave me the world and then I gave you disrespect  
Hand on my heart, this is my biggest of regrets  
Thought I'd say it here then rather fling it in a text  
Until you're ready to forgive I'm always wishing you the best but

You taught me love, oh, what a gift  
I know that it's hard, too hard to forgive  
And to be honest if I were you  
I'd be the same way  
To be honest if I were you  
Then I'd be unforgiving too
