

# Sampha's Plea

Stormzy

Oh, please, oh, please  
Oh, please, yeah, yeah, mm  
Mm-m-mm

Oh, please, could you help me to be  
More proactive instead of reactive?  
Act on truth instead of destructin'  
And the strength too when I need a language, oh  
Oh, please, could you help me to be, mm  
Stay patient instead of just snappin'?  
Stay rooted instead of just packin'?  
I've been wreckin' in summer, oh, I've been lackin', oh, oh  
Oh, please, I  
Oh, please, I need the sun through the trees  
I need the cool enough to breeze  
I need my flexin' by the sea, I need  
Oh-ho, oh-woah, please, mm  
And I'm down on my knees  
And I'm lookin' for the water to be my space  
To refresh my faith  
To make me feel like there's more to life than what's beyond, more to life than,  
han, uh  
Oh, please, oh, please  
Oh, please, oh, please  
Oh, please

No, please, don't leave in debt, I  
There's a future I need to invest, I  
There's a seed that I need to protect, I  
Zero in and laser those threats, I  
Oh, please, don't leave me distressed, I  
Oh, I need to relieve these regrets, I  
Yeah, but, please, don't leave just yet, I  
I still need your force like a Jedi, mm, yeah  
And girl, I'm beggin', beggin', beggin' you  
Oh, please, oh, please  
I've beggin', beggin', beggin' you, ooh  
Oh, star soul, please  
I've beggin', beggin', beggin' you  
Oh, please, oh, please  
I'll beggin', beggin', beggin' you, mm

Please, don't leave me like this  
No, please, don't leave me like this, no, no  
Please, don't leave me like this, no  
Please, don't leave me like this, no  
Please, don't leave me like this, no  
Please, don't leave me like this, no  
Please, don't leave me like this, no  
Please, don't leave me like this, no  
Please, don't leave me like this, no  
Please, don't leave me like this, no
