Stormzy

Who's gonna catch me when I fall?  
Who's gonna comfort me? Tell me, who's gonna comfort me  
When my back's against the wall?  
I believed in promises before  
And now I just need me a little more  
Got my city on my back, girl, I'm a Stormtrooper  
Ayy, if you ever feel under attack, I'll be your Stormtrooper  
You need somewhere that you can relax, I'll open my door to ya  
Me and you against the world, let's go to war  
Girl, I'll help you through the storm  
Ayy, I'll be your Stormtrooper  
I'll be your Stormtrooper

I think I need some intervention  
I think you got the wrong impression  
I need a hand to help me count my blessings  
You always told me I ain't learnt my lesson  
But ooh baby, baby, tell me why you keep on stressing  
Girl, you ain't gotta stress no more  
Ooh baby, can you feel my presence?  
Girl, you ain't gotta stress no more  
I'll be your Stormtrooper

I'll hold your hand for you  
Don't let me hear that nigga put his hands on you  
Girl, you gon' make me rise up, make me cancel all my plans for you  
And if you can't stand up to him, just phone my phone cause I'll make that s  
tand for you  
How dare he, how dare he, tell him try that shit on me  
Tell him try and pick on me, when I heard that news, man, it made me freeze  
And I said forget all this, but how did it get like this?  
Cuh girl, you were strong for me when I was awful weak  
And I'm stressed and shit and I'm bugging out  
You gave me all that I needed  
And you helped me fight all my demons  
That day when you held me tight when I was bleeding  
I told you "wake me up if I'm dreaming", you said "babe, just keep on breath  
ing"  
I feel like I owe you this, and you just act like this is cool  
And let him take you for some fool, with your back against the wall  
Girl, I can't watch this shit, cuh when you're hurting and I'm hurting  
And your burdens are my burdens, I'll grab a rope if that bridge is burning  
Just let me help, just let me save you like how you helped me to save myself  
Let me repay you and girl, you know that I'll do my best  
To see you stable, put that halo back up on your head  
My fallen angel, all the times you could've walked and left  
Feel that I'm grateful, girl, all of the crazy things I said  
That shit's disgraceful  
If I could take it back, I'd give it all to ya, bring the world plus more to  
ya  
All the stuff that I swore to ya, yours truly, your Stormtrooper

I think I need some intervention  
I think you got the wrong impression  
I need a hand to help me count my blessings  
You always told me I ain't learnt my lesson, but ooh baby

Who's gonna catch me when I fall?
