

Take the Ride

Story of the Year

I'll take the ride

Finding myself here again
A candle in this hurricane

Wide awake
My bloodshot eyes can't see anything
Cut the brakes, I don't need them anyway
I've had all I can take

It's 4 in the morning and I'm alone
So what if I get lost on my way home
Turn out the headlights
I don't know where I'm going

Let go of the wheel and I shut my eyes
I wanna feel something before I die
Fuck all the red flags
I don't know where I'm going

But I'll take the ride

125 on the dash
City lights blur like my past

In my head
All the god damn walls keep closing in
Didn't make to the finish, now I'm at it again
I've had all I can take

It's 4 in the morning and I'm alone
So what if I get lost on my way home
Turn out the headlights
I don't know where I'm going

Let go of the wheel and I shut my eyes
I wanna feel something before I die
Fuck all the red flags
I don't know where I'm going

But I'll take the ride
I'll take the ride

It's 4 in the morning and I'm alone
So what if I get lost on my way home
Turn out the headlights
I don't know where I'm going

Let go of the wheel and I shut my eyes
I wanna feel something before I die
Fuck all the red flags
I don't know where I'm going

But I'll take the ride
I'll take the ride
