

In Or Out

Story Untold

First time heard your voice
Crystal clear through the noise
Instantly connected
And all those summer nights I couldn't sleep
You stayed up lying next to me
You said you'd never ever leave
You said you'd never ever leave

You say that nothing's changed
It doesn't feel the same

So are you in or out
Cause I don't know what you're thinking 'bout
When you ask me to stay
You tell me you love me but I don't believe it
And if you want someone else
Maybe you just fool yourself
When you try to explain
You tell me you love me but I don't believe it
I know what I said before, I don't care anymore

First time we ran away
Holding hands, we escaped
So deeply connected
We'd wish on shooting stars across the sky
You held your breath, I held you tight
I said I'd never ever leave
I said I'd never ever leave

You say that nothing's changed
It doesn't feel the same

So are you in or out
Cause I don't know what you're thinking 'bout
When you ask me to stay
You tell me you love me but I don't believe it
And if you want someone else
Maybe you just fool yourself
When you try to explain
You tell me you love me but I don't believe it
I know what I said before, I don't care anymore

It sucks to know what we had was real
And now when we kiss I know that you're gone
And I know that these wounds will never heal
So you can go on and try but I don't care anymore
So you can go on and try but I don't care anymore

You say that nothing's changed
It doesn't feel the same
