```
1, 2 son of a..
Well I know, when I go
That I'll probably be back in a week or a day every time
We'll make it alright
It's likely to be so
Call me on the phone say
Miss you here today
Never stay away too long
Never stay away too long
Well I know, when you go
That you'll probably be back in a week or a day every time

We'll make it alright
It's likely to be so
Call me on the phone say
Miss you here today
It's likely to be so
Call me on the phone say
I need you everywhere
Never stay away too long
Never stay away too long
Never stay away too long
Never stay away too long
Never stay away too long
Never stay too long
```
