

Needles

Stradlin Izzy

There ain't nothin' goin'
On out in Needles
There ain't nothin' goin' on there
That's why I go
There ain't nothin' goin'' on
In Needles
Check in my hotel
I'm layin' low
I get no calls when I go
Out ta Needles
Yeah I sleep into the morning
Til I'm through
Then I get up
And I take my motorcycle
I ride off out there
And I feel good
Yeah I take off out
There and I feel good
No complications
No complications
No complications
When you're here
So complicated
So complicated
So complicated
When you''re there
Found a person out walkin'
Toward Needles
He'd been walkin' for five days
And man it showed
Gave him water
And then asked him
Where he came from
