

Partly Cloudy

Stradlin Izzy

Seems like a rain fell down from, all these days
Seems like your rain fall, all these night
Seems all I've never got is, used to it
Although you know I really tried

From my window, way downstairs
I hear the thunder move, cross the air
Seems like it don't feel right now, all these days
Seems like you just don't seem quite right
I wonder if I saw now, used to it

Although I really feel you tried
From my window, way downstairs
I hear the thunder move yeah, cross the air
Today is partly cloudy, so am I
Yes since we got our seperate ways
And that is why I say to you, my dear
I'm also partly cloudy, it's true

Seems like a rain fell down, all these days
Seems like it's coming, all these nights
And though I've never got it, used to it

Although I really see I've tried

From my window, way downstairs
I hear the thunder move yeah, cross the air
Today is partly cloudy, so am I
Yes since we got our seperate ways
And that is why I say to you, my dear
I'm also partly cloudy, it's true

Yeah, I'm also partly cloudy, it's true
