

## Ship

Stradlin Izzy

Who's gonna fix this ship  
We got the ship reeled in  
Who's gonna fix this ship  
We got a mess within  
Keep up trying though we're tearing it up  
Keep on crying that it's never enough  
Keep up trying telling up  
Who's gonna fix this ship  
We got the ship reeled in  
Who's gonna fix this ship  
We got a mess within  
We are not worried cause I'm out on my own

It's always crazy when you're going alone  
We are not worried cause I'm out on my own  
Who's gonna fix this ship  
Who's gonna fix this ship  
We got the ship reeled in  
Who's gonna fix this ship  
We got a mess within  
Who's gonna fix it  
Who's gonna fix it  
Who's gonna fix it  
Who's gonna fix it  
Who's gonna fix this ship  
Who's gonna fix this ship
