Waiting

Stradlin Izzy

When I'm far away from your house
I still feel you in my hands
Do you send the words too
Me or do you hope too
Make connection all this time
Yeah when I'm out here I'm waiting
For just a little sound from you
Maybe a telephone call baby
Or just a message on the wall

Seem like yesterday a same deal
Misscommunicate again
Had to go away
Hope to start a new day
And then I'll make it up again
Yeah when I'm out here I'm waiting
For just a little sound from you
Maybe a telephone call baby

Or just a message on the wall

Never far away from your hart
I still feel you in my hands
That you say the words too
Me I, Hope you still do
Please remember what I said
Yeah when I'm out here I'm waiting
For just a little sound from you
Yeah if you'd leave me I'd go crazy
Just send a message on the wall

Yeah when I'm out here I'm waiting
For just a little sound from you
Maybe a telephone call baby
Or just a message on the wall
