Straight No Chaser

Christmas is banging, it's so low maintenance
Don't need no champagne popping, entertainment
I got the spirit, can't shake it off me
I wanna kick in the snow like I'm Frosty
So every now and then when I get paid
I gotta spoil my Christmas with an upgrade
Ay, ay, ay

Yeah, we're fancy like Applebee's for the big night
Got that Bourbon Street steak with the gingerbread shake
Slice of fruitcake on the side, too
Sliced ham, canned yams, yo I gotchu
Bougie like eggnog in the Styrofoam
Chris Kringle in the big sled all the way home
Matching holiday pajamas and a sweater with the lights
That's how we do, how we do Christmas like

Christmas like
Christmas like
Christmas like
Christmas like

Them bells are ringing, you boys be singing
We counting twelve days all throughout the season
They want a great night, we hit the spotlight
The crowd's live, super fine, up dancing
But every now and then on an off day
We gotta spoil out Christmas with an upgrade
Ay, ay, ay

Yeah, we're fancy like Applebee's for the big night
It's an aftershow hang, whole crowd with the gang
Bring you grandma and your pops too
Last call, one check, yo we got you
Bougie like eggnog in the Styrofoam
Sing singing with the family all the way home
Matching holiday pajamas and a sweater with the lights
That's how we do, how we do Christmas like

Christmas parties, drink a double tall or two
Awful secret Santa gifts, back to the mall with you
Yeah, I'm definitely gonna be keeping these returns a secret
Ooh, I'm trading for the cash, I kinda need it
All we need is a little light snow now
For a genuine holiday hoedown

Yeah, we're fancy like Applebee's for the big night
Got that Bourbon Street steak with the gingerbread shake
Slice of fruitcake on the side, too
Sliced ham, canned yams, yo I gotchu
Bougie like eggnog in the Styrofoam
Chris Kringle in the big sled all the way home
Matching holiday pajamas and a sweater with the lights
That's how we do, how we do Christmas like
