

Kill Dragon

Strand of Oaks

Lately he hasn't been listening to me
Lately he hasn't been listening to me
I guess he's a man and he's meant to leave

Well I'm standing here right next to me
I got no girl to listen to me
What can I do?
What can I do?

And so I pray the child's prayer I was taught as a little kid
Before my head was stretched
Before my mother died
Before my brother died
Before the plague ruined my life

I'm gonna change my prayer
I'm gonna change my prayer
I'm gonna change my prayer

So Mary
So Mary
So Mary

So Mary, Mary, Mary would you marry me?
Mary, Mary, Mary would you marry me?
And me and you and Jesus could be a family
Mary, Mary, Mary if you'd marry me?
Me and Jesus could play and do child-like things
Oh Mary, Mary, Mary would you marry me?
