

## Same Emotions

Strand of Oaks

Step into the light here  
I wanna see you under better light here  
I wanna know this isn't what I feared  
I wasn't feeling all alone again  
I wasn't feeling all alone again

Oh I waited you are here, and I...  
Oh I waited you are here, and I...

My love, my life  
I was living in the same emotion  
And you called my name  
I was living in the same, living in the same emotion  
Living in the same emotion, living in the same emotion

Leave it underwater  
I know you're thinking we shouldn't go there  
Let's just believe in what we have here  
I wasn't feeling all alone again  
I wasn't feeling all alone again  
I wasn't feeling all alone again

Oh I waited you are here, and I...  
Oh I waited you are here, and I...

My love, my life  
I was living in the same emotion  
And you called my name  
I was living in the same, living in the same emotion  
Living in the same emotion, living in the same emotion...
