There's no game for this shawty, she want character  
Mob boss, I ain't a crook or amateur  
Make money, make love, I'm a balancer  
Yeah, I'ma give her flowers, she ain't had enough  
Girl, you at the yard, get you Appleyard now  
The kids got it good, money I'ma pass down  
I can't have beef, ain't nobody in my town  
Make a hundred thou if you wanna be around  
And when I go ghost, I ain't wanna be found  
Fuck around, you could hold one of these rounds  
It's like everybody want one of these pounds  
Spend it on my shawty, she ain't one of these clowns  
Why you coming out if you ain't wanna be crowd?  
Let your body move, make it move to the sound  
Girl, let your body move, make it move to my house  
Smooch and smile... move to the couch
