

# Feeling Alive

Strandz

Fully Lidge, nigga

I'm feelin' alive  
I wanna dance tonight, girl  
Where you wanna fly? We can be in France tonight, girl  
I'm feelin' alive  
I wanna dance tonight, girl  
Where you wanna fly? We can be in France tonight, girl (Yeah)

I gotta give it to my lady  
I used to pray, thinkin', "Really, will the Lord save me?"  
Girl, you have me feelin' crazy, all the shit you gave me  
I want your love, even if that mean the world hate me  
I smoke, I smoke, hopin' that it medicate me  
I only tell my star sign to a pretty lady  
I like your smile girl, put an opal in that, maybe  
And I don't really fuck with-, but I let them pay me  
They can't even catch me on a one-eighty  
They gon' have to take me in if the run crazy  
You see, I done made the money, but the slums made me  
I just have to make it out for my own safety

I'm feelin' alive  
I wanna dance tonight, girl  
Where you wanna fly? We can be in France tonight, girl  
I'm feelin' alive  
I wanna dance tonight, girl  
Where you wanna fly? We can be in France tonight, girl

Uh, I'm feelin' alive  
I walked in tired like somebody died  
I seen her drop dead, she had a star in her eye (Ah)  
I took her to a place that you just can't climb  
The way you greet me on a jet when I'm boardin' a flight  
You would've thought I was the president, the crib all white  
This night, she's workin' at my residence, nine 'til five  
Big boss, I set the precedent, we on my time  
I'm the pilot, I don't reminisce, we keep on flyin'  
Strandz told me, "Keep it loyal," but I'm just too slime  
Strandz told me, "Keep it loyal," but I'm just too shiesty  
She wanna know if I'm feelin' alive, yeah, I might be

I'm feelin' alive  
I wanna dance tonight, girl  
Where you wanna fly? We can be in France tonight, girl  
I'm feelin' alive  
I wanna dance tonight, girl  
Where you wanna fly? We can be in France tonight, girl
