

See Me Coming

The Strangers

I'm not the man I used to be
And what you see is not what it seems

I travelled through space to be with you here
And what you don't know you shouldn't fear

You don't see me coming
You don't see me coming
Till I strike

I'm not the woman when I was a man
Now I'm a creature from back in time
Revenge, is best a dish served cold
I'll have my way before I am old

You don't see me coming
You don't see me coming
Till I strike

You don't see me coming
You don't see me coming
Till I strike
