

## Shakin' Like A Leaf

The Strangers

When you're lying in your bed  
Wide awake with sleepy head  
Thinkin' you should look beneath  
And then you're shakin' shakin' shakin'

See a full moon in the sky  
Time to be away and fly  
Seems to be the sole relief  
It's got me shakin' shakin' shakin'

Oh silent night  
Give me some respite  
Why must it be so brief  
It's got me shakin'  
It's got me shakin'  
Like a leaf

Now that autumn's hit the ground  
Every day and every sound  
Says the world is changing round  
It's got me shakin' shakin' shakin'

See the villains on their screens  
Doing battle with their teams  
Another week delays their grief  
It's got me shakin' shakin' shakin'

Oh silent night  
Give me some respite  
Why must it be so brief  
It's got me shakin'  
It's got me shakin'  
Like a leaf

Shakin' shakin' shakin' like a leaf  
Shakin' shakin' shakin' like a leaf  
Shakin' like a leaf
